KeFax Ltd

Qualifications - City & Guilds, Electrical Power Engineering (2339)

These qualifications have been designed to meet the need of the Power industry from generation, transmission & distribution to meter installation. It includes QCF qualifications at levels 2 & 3.

Most of the qualifications form part of the Power Industry Apprenticeships Frameworks. All are based on the National Occupational Standards developed by Energy & Utility Skills for the industry.

These qualifications are suitable for those entering the industry e.g. as an apprentice to an experienced employee wishing to prove competence or up skill.

KeFax is a City & Guilds Approved Centre for these qualifications. For further details on how to register for this award please contact our Administration Team on 01623 422099 or email: [Qualifications Enquiry](#)

Quality Technical Training for the Power Industry
